A PROGRAM DESIGNED TO SUPPORT THE PTPA'S MISSION OF PROTECTING PROFESSIONAL TENNIS PLAYERS' HEALTH AND SAFETY

COMPLIMENTARY MEDICAL CONCIERGE

24/7 access to an independent medical professional for comprehensive care covering injury prevention methods, initial injury diagnostics, treatment and return-to-play strategies

POINT OF CARE RESOURCES

A centralized point of contact that collaborates with athletic trainers and physical therapists, accessing a global network of data-driven specialists to deliver informed medical decisions tailored to player's individual needs

PTPA MEDNET HOTLINE

Around-the-clock support for urgent medical concerns, including requests for medical opinions, doctor and physical therapist recommendations, and guidance on medical record reviews

SMART PLATFORM

Cutting-edge software delivering personalized care and recommendations through its proprietary algorithms, unique data sets, and artificial intelligence

RESEARCH

Analysis of health and safety data across players and tours, identifying common tour injuries and conditions to determine leading causes for match-related withdrawals and retirements
